THE "L" WORD'S

1st National Memorial Drafting Competition

The "L" Word

RESULTS

Dear Participants,

The “L” Word’s 1st National Memorial Writing Competition was an immense success. All credit goes to you people! We feel happy to announce that we received 114 registrations in total. Students from more than 90 law colleges across the country participated in the competition. While evaluating your memorials, we found out how creative our young lawyers are getting these days.

The proposition was full of loopholes to test the creativity of the participants. But we must say that some of the participants went beyond our thinking and did some excellent work. We highly appreciate their efforts.

Many participants gave a unique angle to the proposition by bringing in some really interesting additional issues. Honestly, even we didn’t think of such angles. It was really hard to judge such brilliant and intellectual memorials. But above all, we had to judge your memorials for the spirit of the competition.

You all are winners in our eyes but for the spirit of this competition, we had to come up with a proper ranking. A few ranks are also shared by 2 or more people because of their same marks.

Here we present to you the results of the NMDC-2020.

WE CONGRATULATE ALL THE WINNERS! AND ABOVE ALL WE CONGRATULATE ALL THE PARTICIPANTS FOR THE KNOWLEDGE AND WISDOM THEY HAVE SHOWN.

Winning is fun….Sure.
But winning is not the point.
Wanting to win is the point.
Not giving up is the point.
Never letting up is the point.
Never being satisfied with what you've done is the point.
